***Hi, Neighbor...***

**Note**

Hi, Neighbor --

During my travels through our neighborhood, I have admired what you've done to your property! You definitely have a talent for creating beautiful garden spaces.

I am a member of the LI Horticultural Society, and thought you might be interested in learning about our organization. We provide education, resources, and an introduction to a great group of people who also love gardening.

The attached flyer offers more information about the LIHS. Be sure to check out our website as well. I would love to have you join us.

Regards,

YOUR NAME (or if you prefer "Your neighbor on Street name.")
